About HomeLet

With over 20 years' experience to our name, we're the leading go-to experts for the lettings industry.

As well as providing a comprehensive referencing service we also provide a wide range of competitive insurance solutions for you, your tenants, your letting agent and most importantly your rental income.

We understand the issues and concerns you face, and have designed our comprehensive range of specialist products to give you protection and peace of mind.

Why HomeLet?

We may be the market leader but that doesn't mean we rest on our laurels. We're always searching for ways to do things even better, providing you with the best service and solutions possible.

We operate within our four core values of honesty, expertise, respect and progress. This means everything we do has a focus on treating our customers fairly. When your letting agent chooses to work with HomeLet, you can rest assured they're working with a transparent organisation which operates with integrity.

We're the UK's largest tenant referencing and specialist lettings insurance company.

Protecting your rental income

While you take every precaution to rent to only reliable tenants, their circumstances can sometimes change outside their control. When this happens, it's natural to be sympathetic, but also important to ensure you still receive the rental income to cover your mortgage or outgoings.

Rent Recovery Plus (RRP)

When tenants can't or won't pay, you're protected.

As a landlord you can have your interest noted in your letting agent's Rent Recovery Plus policy. You don't have any rights under the policy, but if your tenant does fall into arrears and HomeLet makes a successful claim under the policy, any sums recovered that are due will be passed to you. HomeLet will write to you directly to confirm your interest in this once a policy has been arranged.
